Event Information & Booking Details

These events will focus on issues for people with dementia, family carers and workers. The workshop adopts an anti-ageist approach is non-discriminatory and is based on current findings from national and international research. Reference will be made to current examples of good practice throughout the workshop.

Workshop Aims

- To identify the needs of people with dementia and family carers living in the community and in care settings.
- To examine ways of enhancing communication and responding to behaviour.
- To consider how the changing impact of dementia requires an integrated pathway of support.
- To identify practical ways to support people with dementia and their family carers.
- To think about the needs of the workforce.

These events are **free of charge** and places will be allocated on a **first come basis**, to book a place please forward your contact details including any specific dietary or access requirements to:
